CHINESE BANDITS LOSE NERVE TRYING EAST SIDE HOLD-UP

Celestials Dressed in American Clothes Flee When Challenged in Chop Suey Shop.

If there were an "International Brotherhood of Highway Robbers" its New York local might well make representations to Congress about the "yellow peril," for the increasing ease and popularity of the hold-up game in this town is now attracting even the Chinese.

Along about 3 o'clock this morning two Chinamen in American clothes, with American revolvers in their pockets, went into Joe Lee's chop suey garden at No. 2199 Third avenue and ordered the best on the card.

Then they got up, took strategic positions to cover the street and kitchen doors, hauled out their guns in regular Hamby fashion, and gave the Chinese equivalent for the com-

mand of "Hands up!"

Joe Lee was simply amazed. Then he became indignant. This sort of thing was contrary to tradition, and the Chinese are supposed to respect traditions. Joe got so mad that, with a yell like that of a tomcat on the midnight fence, he rushed at the tactics bandits with intent to destroy. The robbers had not anticipated such a denouement, and all they could think of was to put away their guns and flee lest their faces be scratched.

There was a wild and vocal pursuit. Policeman Walter Thiele of the Morrisania station caught a nervous young man who said he was Wong Sang of Hong Kong, and he will be arraigned on a charge of assault and attempt to rob. If he had a gun the police did not find it. And nobody else was arrested.

JOHN BARLEYCORN'S 'WAKE' EMPTIES MOUQUIN'S CELLARS

Seven Hundred Friends of the "Deceased" Attend the Moist "Lodge of Sorrow."

Another instalment of the "wake" over Personal Liberty ended early today at Henri Mouquin's downtown restaurant, No. 149 Fulton Street. There were 700 present, and the indications are the "wakes" will go on from time to time until July 1, when the corpse will have to be buried.

It was the second "Lodge of Sorrow." The first was attended by many city officials, but none of them was at last night's farewell except Police Commissioner Enright, who remained only a few minutes. The guests were waiters' aprons and served themselves. A jazz band played such stirring tunes as "Goodbye, Boys, I'm Through" and "The Old Oaken Bucket." It is understood Henri's cellar is practically empty now.

NEW YORK ACE HOME ON A SPANISH LINER

Lieut. Lawson Credited With Shooting Down Five Enemy Planes in One Day.

Lieut. Frederick Lawson, who was in the advertising business at No. 235 Fifth Avenue, returned from France yesterday on the Spanish liner Alphonso XIII, with a record of having become an ace in one day.

He went to France last July, and on the morning of the 14th of that month, the first day he went into action in the air, he brought down four German planes. That was at Verdun. That afternoon he went up again and brought down another. He was awarded the Distinguished Ser-

vice Cross and the Croix de Guerre for his morning's work. For the afternoon exploit he received a cluster of oak leaves to wear with his Croix de Guerre.

Later he brought down a German plane in Belgium and he shot two more to earth before the armistice, making his score eight enemy planes all told.

GYMNASTS OPPOSE DRY LAW.

Union of 40,000 Plans Organization Like Boy Scouts.

LOUISVILLE, Ky., June 25.—Resolutions placing the American Gymnastic Union on record against prohibition were adopted at the union's annual convention here yesterday. The organization has 40,000 members, it is said.

The several hundred delegates also decided to inaugurate a movement for formation of "the Turner Scouts," which will be similar to the Boy Scouts organization. A national women's auxiliary was organized and Mrs. C. J. Rugman, Davenport, Iowa, elected President.

**This Leaves the Skin
Free From Hairy Growths**
(Toilet Talk)
A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered talc and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone.—Adv.
